1 of every 150 children born in North Carolina today will be diagnosed with an Autism Spectrum Disorder. Autism affects a person's communication skills and ability to understand the world.

It's the second most common developmental disability, yet most people don't know the signs and symptoms. How do you learn more? Where can you get help?

During **Autism Awareness Month** contact the Autism Society of North Carolina at 1- 800-442-2762 or visit their website at www.autismsociety-nc.org. They can help!
